Mysuru-Bengaluru 10-Lane Economic Corridor

MP Pratap Simha inspects Underpass, Bypass works

75 percent of works done; project to be completed by September next year

Mysuru-Kodagu MP Pratap Simha inspecting the Underpass works at Naganahalli on Mysuru-Bengaluru Highway yesterday.

Mysuru, July 15 (BCT)- Mysuru-Kodagu MP Pratap Simha inspected the progress of Mysuru-Bengaluru Economic Corridor Project and has assured that the project will be completed by September next year, as per the deadline. An average of 75 percent works has been completed taking into consideration the on-going works both from Bengaluru and Mysuru side.

Inspecting the project yesterday at Naganahalli near Srirangapatna where an Underpass is being constructed as part of the 10-lane Highway, the MP interacted with the project engineers and authorities of National Highways Authority of India (NHAI) on the progress of the works.

Pratap Simha also supervised works at Columbia Asia Hospital Junction, Nimishamba Temple in Srirangapatna, River Cauvery Bridge near Srirangapatna and Mandya Bypass Road works. He later proceeded towards Maddur Bypass Bridge and inspected the works there. At Naganahalli Underpass works, villagers and local residents met the MP and sought certain modifications in the Highway and Pratap Simha told the villagers that the Highway was being built for the larger good of the larger number of people and no one should throw a spanner into the works which are nearing completion.

To boost regional growth

For the record, there is a proposal to build a Railway Goods Terminal in 400 acres of land at Naganahalli and there is also a proposal to build an Agriculture University there. Also, a Satellite Terminal will come up at Naganahalli and the estimated project cost is Rs. 789.29 crore. A DPR for phase-I works at a cost of Rs. 495 crore has already been submitted to the Railway Board in August 2019.

City hotels upset over hygiene raids by MCC

MCC Health Department unaware! Not raids but inspection, claims Health Committee

Mysuru, July 15 (RK&BCT)- The special 'hygiene inspection drive' launched by the Public Health, Education and Social Justice Standing Committee of the Mysuru City Corporation (MCC) against hotels, eateries and other food outlets has angered the Mysuru City Hotel Owners Association which feels that the Committee is harassing them in the name of cleanliness, that too at a time when hotel business has just opened up after lockdown.

The Association has accused the Committee of being overzealous in their enthusiasm to ensure cleanliness. The Committee has no authority to inspect the quality of food served or take samples. They can only check the general hygiene of eateries. Going by the provisions of the Food Safety Act, only a qualified food analyst can collect food samples, the Hotel Association reasoned. Interestingly, the MCC Health Officers are not aware of any such raids conducted by the Committee.

"This is uncalled for as we have just opened our business and our industry has been the worst affected," said C. Narayanagowda, President of the Association.

Hoteliers are fuming after the Standing Committee, comprising local Corporators under the Chairmanship of Usha Kumar and members Pradeep Chandra, V. Ramesh, Begum Pallavi, Reshma Banu, M. Chayadevi and Dr. Ashwini Sharath, inspected certain hotels including prominent ones for cleanliness.

(See HOTELS on page 6)

As per procedure, the Health Department must be notified first and if at all a raid must be conducted, there must be specific complaints of lack of hygiene. Here there is no such complaint.

—Dr. D.G. Nagaraj,
Health Officer, Mysuru City Corporation

We are battling hard to stay afloat and only now are seeing footfalls. If at all there is no cleanliness, let the MCC give us notices. By the way there has not been a single complaint from any customer. We have not violated any rules.

—C. Narayanagowda, President,
Mysuru City Hotel Owners Association

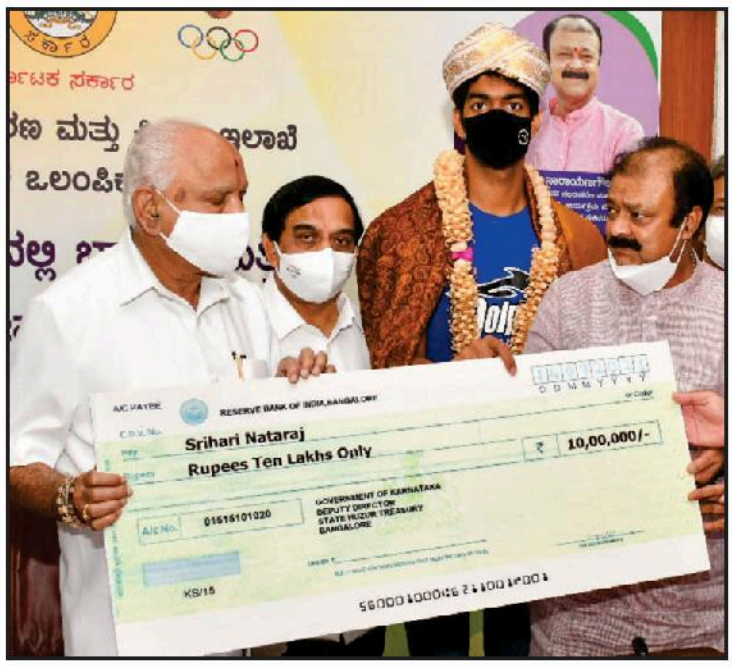
CM provides financial assistance to Olympians



Chief Minister B.S. Yediyurappa and Minister for Youth Empowerment and Sports K.C. Narayana Gowda presenting a cheque for Rs. 10 lakh to swimmer Srihari Nataraj yesterday.

Bengaluru, July 15 (UNI)- Chief Minister B.S. Yediyurappa on Wednesday provided a financial assistance of Rs. 10 lakh each to three athletes selected for Tokyo Olympics 2020 from Karnataka.

In a function at the CM's home office *Krishna*, he wished the sportspersons Srihari Nataraj, Adithi Ashok, Pawad Mirza and distributed cheques to them.

This is the first time the Indian swimming team is participating in Olympic Games. It is a matter of pride for us that three Indian athletes have been selected in this category, one of whom is an athlete from Karnataka, he said.

All three athletes selected for the Olympic Games will win a Gold medal and enhance the country's fame and make us proud, he added.

EDITOR'S BOTTOMLINE

Last week Prime Minister Narendra Modi gifted the nation a maximum Government. In the first recast of his Government this term, he booted out 12 Ministers and inducted 26 new names. With 77 Ministers, Modi rules the largest Cabinet in his second term. It is a roll call of USPs. It has the maximum number of women. It is packed with qualified technocrats and retired civil servants. It boasts maximum representation of backward and economically weaker sections. It is an ideal mix of experience and youth energy.

None of the new stars are connected with old regional or caste satraps. They were randomly picked by the PM for their local utility or personal loyalty. To prove the point that they owe their elevation solely to him, Modi invited them home a few hours before their swearing in to assign a list of dos and don'ts — an unprecedented act for an unpredictable Prime Minister. Never before has any other PM stood before new Ministers with a mike in hand and instructed and advised them on the importance of efficacious administration and spelt out his mission and mission. Dos and Don'ts were clearly spelt out. Governance is a master tactician's game of numbers based on political calculations for a winning formula. And that winning slogan would be *Modi Ke Kam Par aur Modi Ke Nam Par.* ***It has worked wonderfully so far. The process of Modifying the Government with its steady de-saffronisation has been accelerated.***

Eucalyptus plantation with a unique shape

Uruguay: The South American country of Uruguay is home to a unique eucalyptus plantation with a very distinct shape that can only by admired from high above.

Up until a few years ago, few people even knew that the Florida Goblet existed. It wasn't until Google Earth became a thing that people discovered its unusual shape. To some, it looks like a goblet with a crown on top of it, while others see a chandelier, but the thing that everyone can agree on it its massive size. The plantation measures about 500 meters long by 235 wide and the lines that make up the top and bottom of the design are around 13-meters-wide. It's so large that from the ground, you could never tell it has this peculiar shape.

The Florida Goblet, or "El Candelabro", as some of the locals know it, is located in a rural area of Uruguay, about 12 kilometers from the city of Florida. It's estimated that the eucalyptus plantation was planted over 50 years ago, but its shape remained a mystery to the world until the 2000s. It consists of just under 24,000 trees.

Mr. Clean Magic Eraser to whiten teeth

New York: The latest and strangest trend in Do It Yourself (DIY) teeth whitening involves rubbing your not-so-pearly whites with pieces of Mr. Clean Magic Erasers for some surprisingly impressive results.

When it comes to removing grime and leaving surfaces looking shiny, Mr. Clean is an established solution, but until recently most of the world had no idea that it could also be used on teeth. Last month, news reports of viral TikTok videos promoting Mr. Clean Magic Eraser as an effective and cheap way of whitening your teeth in the comfort of your own home went viral, attracting mixed responses from both the general public and dentists.

VOICE OF THE READER

MCC planning not beyond six months!

Sir,

This refers to the 4-lane Road joining Ring Road and Abhishek Circle at Hebbal, crossing CITB Choultry.

This stretch was dug around 3 years back to lay huge UGD pipes to improve the drainage system. The road was left in a muddy state for two years after laying of pipes. Around six months back this stretch was tarred to have a beautiful road.

Alas, this scenario was short-lived as one was shocked to see excavation of road from middle to the road near the RO Plant. On enquiry it was noted that the existing UGD was leading to Hebbal Lake carrying drainage water and this needed diversion to the new UGD. One wonders, did our Town Planners miss this requirement?

Through this column many readers have voiced their concern on undersized UGD and

to top it many residents have diverted the rain water pipes to this UGD, instead of providing separate pipes to lead rain water to storm water drains. No action has been initiated by Mysuru City Corporation (MCC).

Why can't our Town Planners think beyond 6 months? No sooner or later we will find many excavations in this stretch from Ring Road to Abishek Circle.

New SP for Chamarajanagar

G. Sangeetha

Chamarajanagar, July 15 (SS & DM)- In a minor reshuffle of Police officers at SP (Superintendent of Police) level, the State Government on Wednesday transferred three SPs serving at Chamarajanagar, Uttara Kannada and Vijayapura.

According to the transfer orders, G. Sangeetha, who was serving as DCRE SP at Bengaluru, has been posted as the new Chamarajanagar SP in place of Divya Sara Thomas.

H.D. Anandakumar, who was serving as SP at ISD Division, Bengaluru, has been posted as the new Vijayapura SP in place of Anupam Agarwal, who has been transferred.

In another transfer, Varthika Katiyar, who was serving as SP of SCRB at Bengaluru, has been posted as the new Uttara Kannada SP, in place of Shivaprakash Devaraj.

Entries invited for Mysuru Zoo's e-Youth Club-2021

Mysuru, July 15- Sri Chamarajendra Zoological Gardens (Mysuru Zoo) is organising e-Youth Club for students in the age group of 12-18 years from 1.8.2021 to 16.1.2022.

Only 60 students will be selected on first-come-first-serve basis. Classes will be held only on Sundays between 11 am and 12.30 pm for 25 Sundays wherein students will get exposure to basics of Biodiversity, values of wildlife, conservation of wildlife, animal behavioural studies and captive management of wild animals at Zoo from their home.

One can apply online through Google Forms before July 25 through the link *https://forms.gle/BaXyw3ckmJSnCZHS6*

Camp fee of Rs. 1,000 has to be paid through online to Mysuru Zoo Account No: 1720-214-0000028; IFSC Code: CNRB0011720 (Canara Bank).

Necessary documents — scanned copy of photograph (passport size), Aadhaar Card, promoted marks card proof, blood group certificate and fee payment details should be sent to: *edumysore99@gmail.com* before July 25. For details, contact Ph: 0821-2520302 or 2440752 or Mob: 96866-68099, according to a press release from the Zoo Executive Director.

World Snake Day: Webinar at Zoo tomorrow

Mysuru, July 15- Snakes are incredible creatures. There are about 3,000 different species of snakes around the world.

Snakes play an important role in ecosystem and they are an important part of the food chain.

Due to various anthropogenic activities, snake population is decreasing. There is a need to understand the need for snakes and their conservation. Best ways to approach the above issues is open and transparent discussion with researchers and conservators.

Mysuru Zoo is conducting a webinar on the occasion of World Snake Day tomorrow (July 16) and is celebrating the snake kingdom by creating awareness about these limbless creatures, trying to shed some light on the most unscientific myths and their significance in the ecosystem.

The talk will be delivered by Romulus Whitaker, Indian herpetologist and wildlife conservationist, Gerard Martin, herpetologist, Nature education specialist and Managing Director - The Gerry Martin Project, India and Sumanth Bindumadhav, campaign manager (wildlife), Humane Society International, tomorrow at 3 pm.

Interested persons may register their names free of cost through: *https://forms.gle/3ZHTYamx49YTnGUi8* or call Zoo Office on Ph: 0821-2440752 or Mob:9686668099, according to a press release from Sri Chamarajendra Zoological Gardens, Mysuru.

Cleft lip and palate phone-in tomorrow

Mysuru, July 15- All India Institute of Speech and Hearing (AIISH), Mysuru, has organised a Facebook live Phone-in Programme tomorrow (July 16) between 2 pm and 3 pm on the topic 'Cleft lip and palate.'

The resource persons are: Prof. M. Pushpavathi, Director, AIISH and Dr. Sanjeev Kumar Gupta, Clinical Psychologist, Department of Clinical Psychology, AIISH.

Dr. R. Gopi Sankar, Research Officer, Department of Clinical Service, AIISH, will be the Moderator. Interested may call Ph: 0821-2502530.

Cleft lip and palate is a birth defect and needs a multidisciplinary medical and rehabilitation team approach.

Parents of children with cleft lip and palate can seek help from the professionals regarding speech and language problems in these children.

July 15 - 5 pm: Inspection of various works undertaken by Karnataka Urban Water Supply and Drainage Board (KUWSDB).

July 16 - 7 am: Inspects various works undertaken by Mysuru City Corporation (MCC) and Mysuru Urban Development Authority (MUDA); **10.30 am:** Participates in MCC Progress Review Meeting; **12.30 pm:** Participates in KUWSDB Progress Review Meeting at Saraswathipuram; **3 pm:** Chairs Progress Review Meeting of MUDA; **4.30 pm:** Meets elected representatives and public at Government Guest House; **July 17 - 8 am:** Leaves for Bengaluru.

Minister V. Somanna

Housing and Kodagu District Minister **V. Somanna** will visit Mysuru and Kodagu on July 16 and take part in various events.

9.30 am: Takes part in *puja* at Kushalnagar pertaining to releasing of water from Harangi Reservoir to Canals; **10.30 am:** Takes part in Harangi Reservoir Irrigation Consultative Committee Meeting; **12 noon:** Distributes work orders to beneficiaries of houses under Devaraj Urs Housing Scheme at Periyapatna; **2 pm:** Leaves for Bengaluru via Hunsur, Srirangapatna, Mandya, Channapatna and Ramanagar.

BJP launches Seed Ball Campaign in Mysuru

State BJP President Nalin Kumar Kateel and others sowing and catapulting seed balls at Chamundi Hill in city yesterday.

Mysuru, July 15- The Seed Ball Campaign organised by the BJP OBC (Other Backward Classes) Morcha, Mysuru City Unit, as part of the birth anniversary of Syama Prasad Mukherjee, one of the founding fathers of BJP, was launched by State BJP President Nalin Kumar Kateel at Chamundi Hill in city yesterday.

As part of the Campaign which will continue for a week, the party plans to sow 50,000 seed balls across various locations including H.D. Kote, Hunsur, Periyapatna and M.M. Hills in Chamarajanagar. On day-1 yesterday, seed balls were dropped at Chamundi Hill, Devikere and Uttanahalli.

State BJP OBC Morcha President N.L. Narendra Babu, Vice-President Govindaraju, BJP City Unit President T.S. Srivatsa, former MLC Siddaraju, D. Devaraj Urs Backward Classes Development Corporation Chairman R. Kautilya Raghu and others were present.

Set up Task Force for KRS Dam safety: Mandya MP

Sumalatha visits stone crushers at Baby Betta; seeks info from fumbling officials

Srirangapatna/Pandavapura, July 15 (Vinay Karekura&BCT)- After her visit to the Krishna Raja Sagar (KRS) Dam where she inspected a couple of sluice gates and interacted with the officials from Cauvery Neeravari Nigam Limited (CNNL), Mandya MP Sumalatha visited certain quarries at Baby Betta in Pandavapura Taluk, the epicentre of stone and granite mining activity.

The MP encountered officials who were fumbling for answers on the number of quarries operating in the region, the actual owners, royalty paid to the Government and also fines levied from illegal crushers. When she did not get the answers, Sumalatha charged at the officials of the Mines and Geology Department and other officers.

Sumalatha visited quarries on Baby Betta including SLV Stone Crushers, STG Stone Crushers, Siddalingeshwara Stone Crushers, Ashirwad Stone Crushers and others. Some mine owners objected that the MP had visited only the quarries owned by JD(S) leaders but not Congress leaders.

Interacting with the MP, quarry owners said that they were ready to shift the crushers if at all the stone blasting activity threatens the safety of the Dam. They demanded the constitution of an expert panel who are abreast of reservoir and mining technology.

They urged the MP to initiate the trial blasts that are already pending with the Council of Scientific and Industrial Research – Central Institute of Mining and Fuel Research (CSIR-CIMFR), a Central Government enterprise.

'Save KRS, Stop Illegal Mining'

Speaking to reporters after inspecting the Dam yesterday, the MP said that she was in favour of constituting a Task Force to oversee the protection of the historic Dam that is a lifeline of people of South Karnataka. I will continue to use the 'Save KRS, Stop Illegal Mining' hashtag till quarrying stops," she said.

"There is absolutely no co-ordination between the officers of various Departments concerned with the safety and security of the KRS Dam. While the Dam engineers are focussed only on its structural stability and water management, the Police were engaged in routine security aspects. There is no single entity or authority for the overall safety of the Dam. A Task Force must be constituted comprising members of different Departments, who will meet regularly to review the overall safety of the Dam," she said.

"My only focus is the interest of the Dam in the longer run. I am in favour of a blanket ban on any kind of mining or blasting within 20 km radius of the KRS and a proper implementation of the ban without succumbing to political pressures," she said.

On the question of cracks in the Dam, Sumalatha said that she would not accept that there are no cracks. "Crack-filling and grouting works were taken up at a cost of Rs. 76 crore last year only because there were cracks inside. A comprehensive probe should be conducted," she demanded.

KRRS support

The Karnataka Rajya Raitha Sangha (KRRS) and farmers from Mandya expressed support to Sumalatha and were at the Dam site during her visit. KRRS Mandya President Kempugowda said farmers have been raising their voice against quarrying for 20 years.

"Tremors and vibrations around the Dam and also within the Dam limits is a matter of concern. KRRS former President late K.S. Puttanaiah had raised the issue in the Assembly and fought against quarrying," Kempugowda recalled.

Dy.SP has a farmhouse at KRS backwaters, a restricted area!

MP Sumalatha seeks detailed report

Srirangapatna, July 15 (Vinay Karekura&BCT)- During the inspection of KRS Dam yesterday, MP Sumalatha questioned the Police and the Karnataka State Industrial Security Force (KISF) that manages the Dam about certain issues concerning the Dam. She asked Inspector Santosh whether it had come to his notice that a few days back a group of men and women were partying at KRS backwaters, a high-security zone.

She questioned him about the security boundary and chances of anti-national forces entering the Dam using loopholes in the security apparatus. Santosh replied that the group of men and women were caught in a drunken stupor at the farmhouse reportedly owned by Dy.SP Arun Nagegowda, who was sometime back serving in Srirangapatna as Inspector.

"Yes, we had caught the youths fully drunk at the Dy.SP's farmhouse. The incident came to light after CCTV footages went viral. But when we tried to arrest them they dropped names of biggies and assaulted us and tried to obstruct duties. They also threatened us of dire consequences if the arrests are made," Santosh said. But later cases were booked against them, he added.

Shocked by the reply, Sumalatha asked, "Who gave the permission for a Dy.SP to purchase a farmhouse in a banned area and a high-security zone? Officers should not bow to the pressures exerted by politicians and higher officers. I need a complete report on the farmhouse, the permission given to build it and also the status of the case where the drunken youths were booked," she said.

State Govt. to waive loans of farmers who lost their lives due to COVID-19

Mangaluru, July 15 (UNI) - Co-operation Minister S.T. Somashekar on Wednesday said that a decision on waiving loans taken in District Credit Co-operative Banks by the farmers who succumbed to COVID-19 will be taken shortly.

A meeting of Apex Bank Chairman, 21 DCC Bank Presidents and MD along with President of PACS will be convened shortly to decide on the same, he said after laying the foundation for fruit and vegetable market at APMC Yard in Baikampady on Wednesday.

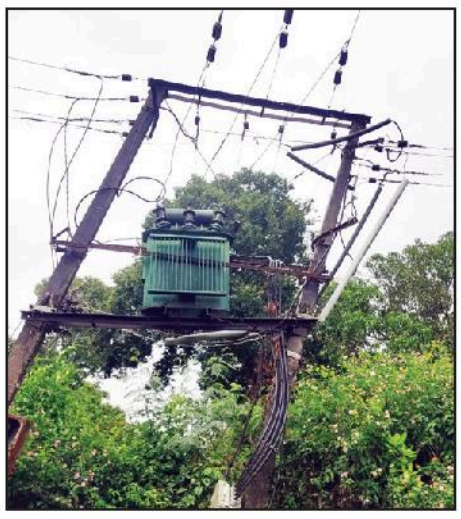
He said as many as 10,140 farmers who lost their lives due to COVID-19 had availed loans. About Rs. 81 crore would be required to waive off the loan borrowed. "We have informed the Chief Minister that the profit earned by the Apex Bank, DCC Bank and Primary Agricultural Credit Co-operative Societies could be utilised for waiving off the loan amount," he said.

He said the Chief Minister wanted crop loans to the tune of Rs. 20,810 crore be given to farmers this year. All the 21 DCC Banks have been asked to disburse loans and ensure that no farmer is denied loan facility. Rs. 1,860 crore loan will be given at zero percent interest in the State through DCC Banks. The guidelines of denying zero percent interest for those who are availing pension of above Rs. 25,000 and filing Income Tax returns will be sorted out. The issue will be brought to the notice of the Finance Department, he promised.

Speaking on the occasion, District in-Charge Minister Kota Srinivas Poojary said that the APMC in Baikampady needs to be developed as a model in the State. Amendment to APMC Act allowed the farmers to sell their produce wherever they wish to sell, he noted.

Rain fury throws normal life out of gear in Kodagu

- One person washed away in Madikeri while crossing rivulet
- Harangi Reservoir nearing full capacity; Dam open to tourists



Madikeri, July 15 (PS&BCT)- Normal life has been thrown out of gear due to incessant rains in Kodagu district since the last four days. The rainfall has intensified with electricity lines and telephone cables snapping at many places and landslides have been reported at a couple of places including Akashvani Madikeri.

The rain claimed its first victim when a physically challenged man was washed away at Avvandoor Village in Madikeri Taluk last evening. The victim, 70-year-old Chinnappa (Bobby) was trying to cross a rivulet that was in spate with heavy water flow. His body has been fished out today at a distance of 200 metres from the place where he was trying to cross over.

The monsoon has picked up now like the last three to four years and it did not rain much during the actual rainy season in June. The late and relentless heavy monsoon has renewed the threat of floods and landslides. Rivers Cauvery and Lakshmanatheertha and all other streams and rivulets are in full spate, threatening the inhabitants on the banks.

Deceased Chinnappa

On a positive note, the Kootupole Mini Dam that supplies water to Madikeri Town has become full and the barrages that hold water have been removed. As such, water is flowing in full force and this is the same water that flows in the form of Abbey Falls.

Triveni Sangama — a confluence of River Cauvery, Kannike and Sujyothi — at Bhagamandala has been completely submerged. The minor bridge over Cauvery near Balamberi in Murnad has been submerged. Six families were evacuated following a minor landslide at Talattamane on Madikeri-Mangaluru road. A landslide occurred in the same location way back in 2018. Though the work on the protective wall was in progress, due to rain the soil gave away and the wall has started caving in.

A mudslide near Madikeri Akashvani tower in Madikeri has triggered panic among the residents. They said that the huge tower has been installed unscientifically near the edge of a road and due to water seepage, the soil has become loose. Kushalnagar, Guhya, Karadigodu, Siddapura and Nelyahudikeri regions are facing the threat of floods this year as well and the residents of the banks have to be shifted to safer places.

The District Administration has declared a yellow alert on Thursday, orange alert on Friday, a red alert on Saturday, an orange alert on Sunday and a yellow alert on Monday depending on the forecast by India Meteorological Department (IMD). During the last 24 hours ending on Thursday at 8.30 am, the district received an average rainfall of 73.80 mm.

Meanwhile, the Karnataka State Natural Disaster Monitoring Centre (KSNDMC) has predicted widespread moderate to heavy rains in Kodagu in the next couple of days with very heavy to extremely heavy rains in isolated areas.

Water released from Harangi

The inflow of water to Harangi Reservoir has increased to 14,091 cusecs this morning and only 7.5-ft is left for the dam to reach the maximum level. As of today, the water level had reached 2,853.69 feet. The maximum level of the Dam is 2,859 feet. As the reservoir is about to get filled, water was released last night from the four crest gates. It was a sight to behold as lights were put on and the water flow resembled the flow of milk from great heights.

The Dam has been open to tourists from today (June 15). The water released from the Harangi Dam reaches the Krishna Raja Sagar (KRS) Dam in Mandya District. "The catchment areas of the Dam have been receiving copious rainfall now and hence, the inflow has increased drastically. Tomorrow, Kodagu District Minister V. Somanna and Somwarpet MLA Appachu Ranjan will offer *Baagina* to the Dam," said Harangi Assistant Engineer Siddaraju.

City hotels upset over hygiene raids by MCC

(Continued from page 1)

Minister's intervention sought

The Association has now submitted a memorandum to District Minister S.T. Somashekar urging his intervention. Responding positively to the Association request, Minister Somashekar has said that he would speak to the MCC not to conduct raids at this juncture.

"We are functioning as per the Government guidelines and not even a week has passed after there are some footfalls. We have already suffered huge losses and we have appealed to the MCC to revoke the 20 percent hike in renewal fee of trade licences. The MCC is also levying a 15 percent fine for the delay in paying renewal fee. These measures are uncalled for and detrimental to the hotel industry," Narayanagowda told *Star of Mysore*.

"We end up paying 35 percent as tax and we are battling hard to stay afloat in the business in this pandemic time. Also, the inspection drives must stop. If at all there is no cleanliness, let the MCC give us notices and we will comply with rules. Actually we have not violated any rules," he added.

Health officers in the dark

Reacting to the raids, MCC Health Officer Dr. D.G. Nagaraj said that the Committee decided on its own to conduct raids. **"As per procedure, the Health Department must be notified first and if at all a raid must be conducted, there must be specific complaints of lack of hygiene. Here there is no such complaint and I have spoken to the Committee members and they have said that there are no such complaints,"** Dr. Nagaraj said.

"It is not an official raid. Actually, the MCC Health Standing Committee has powers to inspect any hotel. But there is a procedure to be followed and the raids must be based on a particular complaint," he added.

Member, Chairman react

Member of the Committee and Corporator Dr. Ashwini Sharath told *SOM* that she has to consult the Committee Chairman before reacting on the issue. But she admitted that they had indeed visited over six to seven hotels to check cleanliness.

Chairman of the Committee and Corporator Usha Kumar, however, said that they had found several violations in hotels. "When we inspected a couple of them, hotel staff were not wearing masks and not following COVID-appropriate behaviour and standard operating procedures. Some had stale food on the counters and at one hotel, food was being cooked in the cellar instead of the kitchen. These are not raids but just an inspection," she claimed.

Epigraphists join nationwide stir

INJUSTICE TO SANSKRIT EPIGRAPHY
Fill the vacant posts Immediately
Strengthen Epigraphy branch to clear 100 year's Pending works.

Mysuru, July 15 (PM&SSV)- Epigraphists of the Epigraphy Branch of Archaeological Survey of India (ASI) staged a silent stir in front of their office at Sankranthi Circle in Hebbal here this afternoon to register their protest against the restructuring of the ASI.

A similar protest is being staged across the country today on this issue. The staff members contended that the restructuring has given a short shrift to the epigraphists and some of the existing posts have been surrendered.

As many as 100 posts have been abolished. Their representations to the authorities to highlight the importance of epigraphy in the study of India's history had been ignored, the epigraphists stated.

In the new scheme of things, there was more importance to horticulture and gardening rather than deciphering the inscriptions and publishing them so as to fill gaps pertaining to the country's past, the protestors said.

As many as 70 posts have been created to recruit horticulturists including 55 Horticultural Assistants. But not a single post related to epigraphy has been notified, they said.

They pointed out that there are only five epigraphic assistants for field survey and deciphering the inscriptions in the whole country. The headquarters of the Epigraphy branch was situated in Mysuru and its regional offices were located in Nagpur, Lucknow and Chennai.

DHO visits Bavali check-post; reviews situation

H.D. Kote, July 15 (Manju& SSV)- District Health Officer (DHO) Dr. K.H. Prasad visited Bavali check-post on Karnataka-Kerala Border and took stock of the situation, in the wake of incidents of Zika cases in the neighbouring State.

Interacting with the medical staff deployed at the check-post yesterday, he told them since the bus service between the two States has resumed, passengers having the negative report of RT-PCR test conducted within 72 hours must be allowed to enter the State. Each and every vehicle entering Karnataka must be watched and those travelling in those vehicles must be checked. Entry must be denied to people having symptoms like fever, cough and cold, he said.

The DHO told *SOM* that there was surge in the cases of Zika and Corona viruses in Kerala due to which vigilance has been stepped at the border following strict directions from the State Government. Vehicles were allowed only between 6 am and 6 pm. Police and Forest Department personnel have been deployed at the check-post to check every vehicle and every individual entering Karnataka, he added. Taluk Health Officer (THO) Dr. Ravikumar, Govind, COVID Task Force Member Umesh, D.B. Kuppe Medical Officers, Staff, ASHA Workers and others were present.

Three Police Stations to get own buildings

Mysuru, July 15 (MK&DM)- In a major civil infrastructure development plan concerning the Police Department, the State Government has decided to construct building for housing over a hundred Police Stations that are currently functioning in rented or other Government Department buildings.

Accordingly, Hebbal, Alanahalli and Devaraja Civil Police Stations in the city will get their own buildings.

Out of the 1,054 Police Stations in the State, 60 are functioning in rented buildings, while 83 are functioning from other Government Department buildings and 76 are in a dilapidated state, which need to be reconstructed.

In this backdrop, the Government has set aside Rs. 200 crore in the Budget (2021-22) for construction of Police Station buildings over the next five years. The Government has ordered for invitation of tenders for the construction.

In Mysuru, the Alanahalli Police Station, which is currently functioning from a rented building, will have its own building at Marimallappa Teachers Layout in Alanahalli, while Hebbal Police Station building will come up in Hebbal First Stage and Devaraja Civil Police Station will have a new building in Devaraja Traffic Police Station premises.

Likewise, Nanjangud Traffic Police Station, the dilapidated Bylakuppe Police Station in Periyapatna taluk and Kavalande Police Station in Nanjangud taluk of the district will get new buildings.

MP inspects Bypass works

(Continued from page 1)

Four platforms, four stabling lines and two pit lines were planned under phase-I while four stabling lines and two pit lines are planned in phase-II. The project needs 165 acres of land and the proposal for land has been sent to the State Government.

The 10-lane Economic Corridor, Naganahalli Underpass, Naganahalli Terminal Station just around 8.55 kms from Mysuru, Railway Goods Terminal and Agriculture University will boost growth in the region, said the officials.

Progress of two Highway packages : Regarding the progress of the Highway, over 80 percent of the first package (Bengaluru to Nidaghatta stretch) has been completed and 70 percent of the second package (Nidaghatta to Mysuru stretch) has been completed.

The project is estimated at Rs. 7,400 crore and works are underway in two packages — Bengaluru to Nidaghatta in Maddur taluk at a cost of Rs. 2,190 crore and Nidaghatta to Mysuru at the cost of Rs. 2,283 crore.

As per officials, the major portion of the works involved is Cauvery water pipeline works from Srirangapatna to Bengaluru where the Karnataka Urban Water Supply and Drainage Board (KUWS&DB) has to do the works of shifting parts of the underground water line to facilitate the work. Unless the KUWS&DB shifts the water line, works on the Highway cannot be completed, the officials added.

The scope of the work also includes construction of nine major bridges, 44 minor bridges and four Road Over Bridges. All works are progressing smoothly, officials added.

Once the Mysuru-Bengaluru Highway upgradation works are completed in September 2022, people can travel from Mysuru to Bengaluru in just 90 minutes instead of the present three hours.

District RCHO and Vaccination Officer in Govt. Hospitals transferred

Mysuru, July 15 (SSV)- Dr. L. Ravi, Reproductive and Child Health Officer (RCHO)and Incharge of COVID-19 Vaccination in Government Hospitals, Mysuru district, has been transferred today. He will be replaced by Dr. M.S. Jayanth, Chief Medical Officer, K.R. Pet General Hospital, Mandya district.

Dr. Jayanth had served as Health Officer of Mysuru City Corporation (MCC) in 2019. Prior to that, he had worked as the Chief Medical Officer at Pandavapura Government Hospital, Mandya district.

Dr. Ravi has been asked to report to Office of Commissioner, Department of Health and Family Welfare, Bengaluru, till a new post is shown to him. Dr. Ravi was actively involved in the ongoing vaccination campaign and had arranged special drives for various sections of society.

Dr. Ravi *Dr. Jayanth*

Obituary

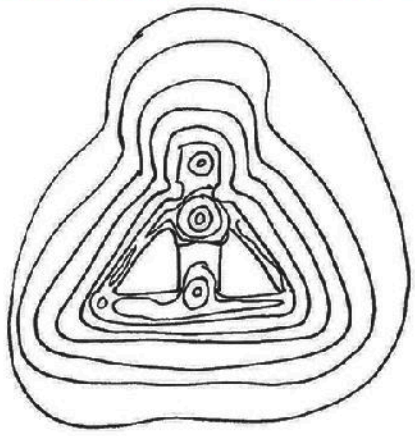
DECODING MYTHOLOGY

Dr. Devdutt Pattanaik - Author, Speaker, Illustrator, Mythologist

Last of the Vedic Texts



In the Mimansa school that became popular 2,000 years ago, the *Rig Veda* was considered *'apaurusheya'* (not of human origin) and *'ekavakya'* (a single sentence), with no breaks between words and no punctuations. Sounds *(pada)* fused to create words *(shabda)* which merged with other words *(sandhi)* which gave rise to verses *(richa)* which became hymns *(sukta)* which gave rise to circles of songs *(mandalas)* which became the entire collection *(samhita)*. But thanks to subjects collectively known as *Vedanga* (limbs of the Veda), we know the words — how to pronounce them *(Shiksha)*, what they mean *(Nirukta)*, the grammar *(Vyakarna)*, the meters *(Chhanda)* and how they were used in ceremony *(Kalpasutra)*.

People believed that the composers of the *Rig Veda* 'saw' the *mantras*, which is why they were called *rishis* or the seers. We now know that these were praise hymns, composed over 3,000 years ago, were designed to invoke and invite Gods such as Indra to the *yagna*. Over time, 1,028 such hymns were compiled by different families of *rishis*, which were passed on orally by various brahmin family branches *(shaka)*.

As centuries passed, it became difficult to remember all the poetry of the *Rig Veda*. So scholars came up with index systems, known as *Anukramanika* of Gods, composers, meters. It must be kept in mind that the Vedas were not written down. Thus, they were not like the indexes we see today at the end of textbooks. They are mnemonic to aid memory and location of hymns.

In later Vedic literature such as Brahmana which elaborate the nature and performance of ritual, we find stories, *itihasas*, being put together to explain the context of particular Vedic hymns. The 1,500-year-old composition known as *Brihad-devata*, or the ocean of deities, also serves as an index tells about 40 such stories. It is not entirely a story collection as it also contains etymologies of words.

The stories explain why certain Vedic hymns were chanted and who were these men composing the hymns. Some stories explain the critical role *mantra* plays in maintaining harmony between Gods, sages and humans. Others explain how angry Gods were calmed down, how *rishis* were rescued from *asuras* and how they were born with the power of *mantras*.

These are said to be precursors of some stories found in the *Mahabharata*, especially those of *rishis* such as *Trita*, *Kanva*, *Brihaspati*, *Dadichi* and *Vasistha*. It marks the last collection of Vedic ideas. These are stories that are obscured by the more colourful stories of the *Puranas* involving property disputes and war between kings and brothers.

Texts like the *Anukramanikas* and the *Braha-devata* reveal the old Vedic world. It is also known as the Nigama culture that existed at the time of the Buddha and the Mauryas. It lost value by the time of the Guptas, when temple traditions took over.

The Mimansa school tried hard to cling on to the old ways, but eventually gave way to Vedanta, which in turn gave way to the *bhakti* traditions that forcibly linked Vedas to the *Puranas*. As long as you worshipped the images enshrined in temples, with devotion, you were not obliged to understand the Vedas, or remember the *Anukramanika* lists or the *Briha-devata* stories.

devdutt@devdutt.com

Rains in Kerala: People in Kabini Dam downstream warned

Campaign vehicle for 'Karnataka Raitha Suraksha Pradhan Mantri Fasal Bima Yojana' launched

Mysuru, July 15 (MTY&SSV)- Deputy Commissioner Dr. Bagadi Gautham has said advance warning has been issued to people living in the low-lying areas of Kabini Dam in the wake of heavy downpour in neighbouring Kerala.

He was speaking after flagging off a campaign vehicle for 'Karnataka Raitha Suraksha Pradhan Mantri Fasal Bima Yojana' aimed at giving information to farmers in connection with the crop insurance scheme for khariff season in the current year, at the DC's office here yesterday. Farmers must make use of this facility to avoid crop loss, he said.

The DC said, the inflow of water into Kabini Dam has increased due to heavy rain in Wayanad region of Kerala. In view of this, people living in downstream of the Dam have been alerted. The District Administration was in constant touch with Kerala Water Resources Department to exchange information on the release of excess water to Karnataka. Water had already been released into the canals. The release of water into the river will be decided depending upon the situation, he added.

Under control

Dr. Gautham said the COVID-19 pandemic has come under control in the district and the Case Positivity Rate has dropped to 2 percent. But the situation has not fully under control. People must continue to follow the safety guidelines strictly.

The District Administration was fully prepared to face the third wave of COVID-19 pandemic. It has been decided to continue the services of 'COVID Mitra' till the pandemic comes under control in district, he noted.

ZP CEO A.M. Yogesh, Agriculture Department Joint Director Dr. Mahanteshappa and others were present.

150 ITIs to be upgraded as 'Technology Hubs' under 'Udyoga' Scheme: Dy.CM Ashwathnarayan

Bengaluru, July 15 (KMS&SSV)- To realise the objective of up-skilling the youth workforce through Industrial Training Institutes (ITIs) and upgrading 150 ITIs into Technology Hubs, a unique programme 'Udyoga' will be undertaken at a cost of Rs. 5,000 crores by the State Government, Deputy Chief Minister and Higher Education Minister Dr. C.N. Ashwathnarayan.

Ashwathnarayan

Talking to reporters here yesterday in connection with World Youth Skills Day and month-long activities to be held as part of this, the Minister said 'Udyoga' will be launched in the month of October. This includes construction of buildings, refurbishing 78 old laboratories, setting up of 72 new labs among many other things.

To impart international quality of training, ITIs have tied up with leading industrial enterprises and the curriculum has been revamped. Apprenticeship was being focused and the Government of India has announced an incentive for 30,000 apprentices.

He said the State has 24 world-class GTTCs (Government Tool Room & Training Centre) and 6 more would be added soon. Besides, 'Knowledge Skill Initiative' would be implemented in all Schools by the Task Force.

The Karnataka Germany Technology Training Institutes (KGTTI) would be established in Belagavi and Mangaluru to increase its number to 7 in the State.

Silk Hub

Dr. Ashwathnarayan said a 'Skill Hub' which was being set up in Ramanagara by integrating all the programmes taken up for skill development by various Departments, would be launched next week and virtual labs will be established under 'e-koushalya.'

Selvakumar, Secretary, Department of Skill Development, Harish, Commissioner, Employment & Industrial Training, Ashwin, Managing Director, e-koushalya Karnataka, Manjusri, Executive Director, NRLM and Raghavendra, Managing Director, GTTC, were present.

Bogadi COVID Care Centre to be relieved from treatment soon

Mysuru, July 15 (MK&SSV)- A COVID Care Centre (CCC) which is functioning at Bogadi 2nd Stage in Chamundeshwari Assembly Constituency will soon be relieved from the treatment of Corona positive patients, thanks to steady decline in cases.

This CCC, established at the Government Medical and Technical College Boys and Girls Hostels, have separate sections for male and female. The Centre was opened by Mysuru City Corporation (MCC) to treat patients due to spike in Corona positive cases in city and district. So far, 362 patients were admitted of which 348 have recovered. Presently, there are six women and eight male patients in this CCC.

A good treatment, food and accommodation were given to patients of Vijayanagar 3rd and 4th Stages, Bogadi village, Bogadi 2nd Stage, Ramakrishnagar, Yelwal, Hinkal, Varakodu and Kadakola. A homely atmosphere was created for patients by providing them with the diet prescribed by Health Department. Both doctors and cleaning staff were working in three shifts. Cleanliness was given top priority.

An ambulance has been stationed at the Centre which was available to patients 24x7. The ambulance driver, Yogi said that so far, over 200 patients have been carried to CCC and different hospitals. Two ambulances have been stationed at Vijayanagar COVID Mitra and COVID Care Centres which take around 5-10 patients to Hospitals daily and bring them back to the CCC. There has been good co-operation from local residents, patients and their relatives, he added.

Woman goes missing

Nanjangud, July 15- A 25-year-old woman, who had come to her parents' house at Kempisiddanahundi in the taluk along with her husband and daughter, has gone missing since July 12.

Mamata

The missing woman is Mamata, daughter of Siddaraju.

According to the complaint lodged by Siddaraju at Nanjangud Rural Police Station, his daughter Mamata left the house at about 8.30 pm on July 12 and has since not returned.

Those having any information about the missing woman, may contact Nanjangud Rural Police Station on Ph: 08221-226259.

Private firm employee found dead

Mysuru, July 15 (YDS&KS)- A 56-year-old employee of a private company was found dead at a rented house in city, three days ago and a case has been registered at Jayalakshmipuram Police Station. The deceased is Srinivas Katol, a native of Andhra Pradesh, employed as a technician at a private company in Hebbal here and was residing at a rented house in Vinayakanagar.

The incident came to light when house owner Mahadevu went to the house on Tuesday at about 4.30 pm only to find Srinivas dead.

The kith and kin of Srinivas, if any, may contact Jayalakshmipuram Police Station on Ph: 0821-2418316 or Police Control Room on Ph: 0821-2418339.

Burglars decamp with cash, laptop from house

Mysuru, July 15 (MK&KS)- Burglars who broke into a house on KRS Road here, have decamped with cash and a laptop from the house on Tuesday.

The burglary took place at the house of one Krishna on KRS Road near Yelwal.

Krishna, on Tuesday morning, left his house after locking it and when he returned he found the lock broken and on entering the house he found Rs. 40,000 and his laptop missing, Police said. A case has been registered at Yelwal Police Station.

Two killed in road accidents

Mysuru, July 15 (MK&KS)- A 27-year-old youth, who was riding pillion on a bike was killed on the spot, when the bike hit a road divider in Yelwal Police limits on Wednesday.

The deceased youth is Shivakumar, a resident of Ganigarahundi near Bogadi. Shivakumar was riding pillion with his relative Abhishek, when the bike hit the divider. Shocked over the accident, Abhishek is said to have fled from the spot, according to Police.

Yelwal Police, who have registered a case, are investigating.

Nanjangud: A two-wheeler rider was killed on the spot when a KSRTC bus reportedly rammed into the bike near Kalale Gate in the taluk. The deceased is Mahadevanaika (35), son of Siddanaika of Kambralli in the taluk. A labourer, Mahadevanaika on Wednesday morning, was proceeding to Nanjangud from his village and when he neared Kalale Gate, a KSRTC bus, which was proceeding towards Gundlupet from Nanjangud reportedly rammed into the bike, killing him on the spot, according to Police.

Nanjangud Traffic Police, who rushed to the spot, shifted the body to the mortuary.

WORD OF THE DAY

Au fond

Pronunciation: oh -fawn.
Meaning: At bottom or to the bottom; thoroughly; in reality; fundamentally.
Origin: The French adverb phrase au fond, "thoroughly; in reality; fundamentally," literally "at the bottom, to the bottom," has been in English for more than 200 years; yet its French pronunciation in English shows that it is still unnaturalised. The French phrase is composed of au "at the, to the," from Old French al, which is a contraction of a le, from Latin ad "to" and illum "that" (illum and its relatives become the definite article in most Romance languages). The French noun fond "bottom, floor, background (for lacework)" comes from Latin fundus "bottom, base, depths, farm, country estate." The Latin noun is the source of the verb fundāre "to lay a foundation," which becomes fonder in Old French, founden, fonden, funden in Middle English, and found, that is, "establish firmly," in modern English. Au fond entered English toward the end of the 18th century.
Example: A diamond Cartier feather is, au fond, a fake feather, but I doubt that any severely pro-authenticity proprietress of one of those earnest, soulless spaces would throw one in the trash. —Nicky Haslam, "In Design, Now Is The Time For All Materials To Be Treated Equally," New York Times, March 9, 2016.

THE ODD WORD

Ablepsia
Blindness.

PHRASE OF THE DAY

A blessing in disguise

Meaning: The phrase 'A Blessing in Disguise' refers to something that at first appears to be bad or unlucky but is actually good.
Origin: The origin of 'a blessing in disguise' is believed to be mid-1700s; however scholars have yet to pin down the first usage of the term. The earliest instance of the term found in print was a 1746 work by English writer James Hervey titled 'Reflections on a Flower-Garden.' There is no evidence that he coined the phrase.
Example: "My car broke down again, but maybe it was a blessing in disguise; I've been wasting too much time driving around anyway."

QUOTE BOX

The most difficult thing is the decision to act, the rest is merely tenacity.
— Amelia Earhart

RIDDLE THIS

I am an odd number. Take away a letter and I become even.
What number am I?

Answer :Seven.

CROSS WORD

ACROSS:
1 Actress Zadora

Set up Study Chair in the name of K.H. Ramaiah

Dr. CPK urges UoM authorities

Mysuru, July 15 (SBD&SSV)- Noted Kannada scholar, Dr. C.P. Krishnakumar (CPK) has urged the University of Mysore (UoM) to set up a Study Chair in the name of K.H. Ramaiah who dedicated his entire life for the social and academic progress of Backward Classes in the State.

He was speaking at the 142nd birth anniversary of K.H. Ramaiah at his *samadhi* at the foot of Chamundi Hill organised by 'Nammuru Nammoru Samaja Seva Trust' here on Monday.

The scholar said that the achievements of several achievers were neglected at the time of recording history. One among them has been Ramaiah whose achievements had been totally neglected. Ramaiah originally belonged to Kalludevarahalli in Doddaballapur taluk, but resided at Balepete in Bengaluru. His parents were Hanuma Mestri and Nanjamma. He was born on July 12, 1879 in the family of agriculturists. Though he belonged to Vokkaliga community, he worked for the welfare of the Backward Classes too. After obtaining degree in Law in India, he pursued higher studies in Law in England.

Even as student, Ramaiah always thought about Backward Classes, their education and welfare. During those days, he led an agitation against the British rulers for denying top posts for Backward Classes and had caught the attention of the then Mysore King, Nalwadi Krishnaraja Wadiyar. The King

A champion of Backward Classes

K.H. Ramaiah

then constituted a Committee which recommended reservation for Backward Classes in top posts. Besides, Ramaiah was offered a top post by creating a separate department for the progress of rural areas in the erstwhile Mysore State.

He used to visit villages to study about the communities. Several organisations made him as the guide. A Co-operation Movement began in the State and the entire responsibility of the Co-operation Department was entrusted to him.

Attracted by Industrial Revolution in England and social development, Krishnaraja Wadiyar and his brother, Kanteerava Narasimharaja Wadiyar wanted a similar development in Mysore State.

Ramaiah had accompanied Narasimharaja Wadiyar during latter's tour of European countries as Personal Secretary. By the time they returned to Mysuru, the duo had become good friends. When Ramaiah passed away, Narasimharaja Wadiyar had arranged for the last rites of his close friend, said Dr. CPK.

He said Ramaiah did not have any restriction as the Government officer on giving guidance regarding the progress of Backward Classes.

His request to open a school for the Backward Classes with the King was considered and Nalwadi Krishnaraja Wadiyar inaugurated a school built at Malavalli. Ramaiah started Adi Dravida Sangha and encouraged social and academic progress of Dalits. The community was explained to give up intra-caste fight. Free hostels were opened to encourage them to study. Since the current generation was not aware of the contributions of Ramaiah, UoM must establish a Study Chair in his name and also install his statue in front of Town Hall. Besides, an important circle or a road must be named after him, he added.

Nammuru Nammoru Samaja Seva Trust President Satish Gowda, MLC K.T. Srikantegowda, MCDCC Bank President G.D. Harish Gowda, MCC Ruling Party (JD-S) leader Prema Shankaregowda, Senate Member Ningarajagowda, industrialist Yashwaswini Somashekar, District Government Employees Association President Govindaraju and others were present.

Kuvempu Multipurpose Hall inaugurated at Sainik School in Kodagu

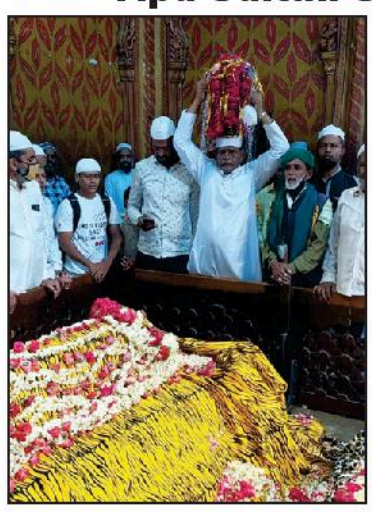
Madikeri, July 15(Akshay)- Air Vice Marshal P.J. Walia, Senior Officer-in-Charge - Administration, Training Command, Indian Air Force, Bengaluru and Chairman, Local Board of Administration, Sainik School, Kodagu, chaired the 22nd meeting of the Local Board of Administration of Sainik School in Kodagu on July 9.

He also inaugurated Kuvempu Multipurpose Hall and Public Information LED Display Board (8ft x12ft., a one of its kind in the region). A cultural event 'Vandana Prayer Dance' was presented by Day Scholar Cadets. On the occasion, the Chairman and Col. G. Kannan, Principal, Sainik School, Kodagu, exchanged mementoes. The Chairman and all members also planted a sapling each in the school campus after their meeting.

Gp. Capt. R.R. Lall, Command Education Officer, Bengaluru, the representative of District Commissioner, Kodagu, Madikeri, Sqn. Ldr. R.K. Dey, School Administrative Officer, Prof. Y. Sreekanth, Principal, Regional Institute of Education, Mysuru, Prof. R. Shivappa, Registrar, University of Mysore, Vijay Kumar Swarnkar, Executive Engineer, CPWD, Mysuru Central Division and Prakash Krishnabhatta Joshi, Parent Member were present in the Local Board of Administration Meeting.

Col. G. Kannan, Principal and Member-Secretary, briefed all the training and administrative aspects of the school and the progress made in the past nine months. The members deliberated and arrived at various policy decisions for future development of the school.

Sandal Urus celebration of Hazarath Tipu Sultan Shaheed held



Mysuru, July 15 (KS)- The 229th Annual Sandal Urus Shariff of Hazarath Tipu Sultan Shaheed, organised by Afroz Pasha, Secretary of Tipu Sultan Welfare & Urus Committee, Tipu Hall, Meena Bazar in Lashkar Mohalla, was held on July 9.

At the event held in the morning at Allah Malik House on Ashoka Road West Cross, Fateha Khwani was performed in the presence of Ulmas and area residents, shopkeepers and devotees of Tipu.

Later, the delegation left for Tipu Tomb at Ganjam in Srirangapatna and after reaching the shrine, they offered Fateha Khwani, Darud-o-Salaam and spread sandal paste and flower mats. Hazarath Moulana Md. Inayath-Ur-Rehaman Razvi, Shahi Imam of Tipu Tomb, read verses from Holy Quran. Later, flower mats were spread on the shrine of Tipu Sultan parents and family members.

Tippu Sultan Urus Committee Secretary Afroz Pasha, Tanzeem Ahle Sunnath-wo-Jamath Trust Secretary Jameel Ahmed Ashrafi, Md. Umar, Ahmed Pasha Khadree, Congress leader Rehamath Ulla Tipu, social worker Mirza Jamsheed Baig Ashrafi, and others took part.

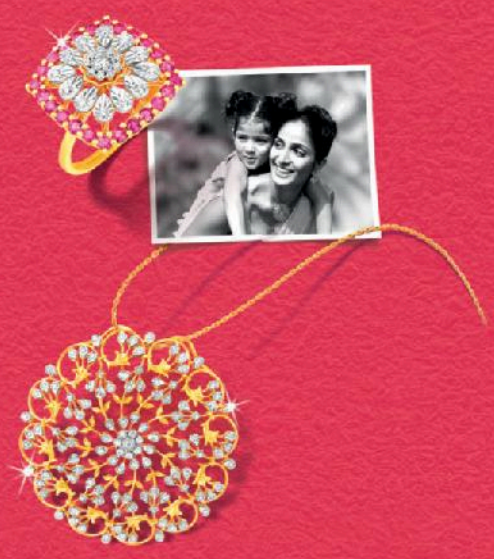
A TATA PRODUCT

SOMETIMES, THE GREATEST TREASURES ARE HIDDEN IN PLAIN SIGHT.



A precious chain made of your daughter's arms clasped tight around you, as you turn into her majestic ride for the day. Dazzling rings of hot jalebis made by grandpa, as he laughs like a little boy, reminiscing tales of mischief from his childhood days. Diamonds and hearts in the hands of old friends as they sit cross-legged on the carpet, sipping on piping hot adrak chai.

These moments, tucked away in our everyday lives, often pass us by. But if we took a moment, a little pause to truly cherish them, they could become sparkling gems that shine on as timeless memories.

At Tanishq, we bring you *an exquisite new collection* to adorn these little big moments of life.
